

Berkel Automatic • Power-Gravity Feed Slicer

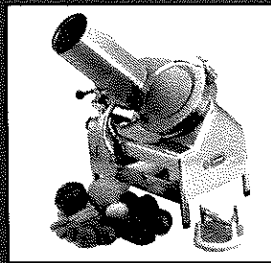

MODEL 818

You simply can't buy a better Automatic Power-Gravity Feed Slicer than the Berkel Model 818! A hollow ground stainless steel knife, a built-in dual action sharpener and 45 or 80 slices per minute capacity combine to provide fast, better looking and longer lasting sliced product.

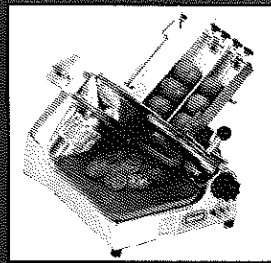

And should service ever be necessary, the 818, like all Berkel products, is backed by our nationwide service network.

- Better Slices—Gets the most out of your product.
- Fast—Automatically 45 or 80 slices per minute.
- Hardened, hollow ground and polished stainless steel knife.
- Built-in dual action sharpener—for a lasting, razor sharp edge.
- All product contact parts are stainless steel.
- Easy to clean—disassembles quickly without tools.

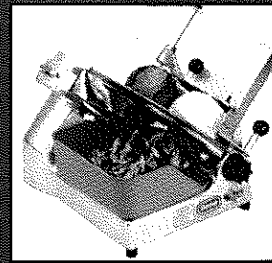

OPTIONAL ACCESSORIES

Available in quantities of 100 and more from meat processors.

Force and pressure for uniform cross-sectional slices over the entire surface. The flexible base and legs help to retain slices and available.

Slide the handle forward and carry small quantities of meat products.

FEATURES

- 12 $\frac{1}{2}$ inch hollow ground stainless steel knife.
- Automatically 45 or 80 slices per minute.
- Slice Thickness Regulator—provides micrometer adjustment for slice thickness.
- Built-in dual action sharpener.
- All parts that come in contact with the product are stainless steel.
- Cast stainless steel meat pusher.
- All work area corners are rounded and joints are designed to prevent accumulation of bacteria.
- Fast, easy cleanup disassembly without tools—most product contact parts are submersible for wash basin or dishwasher convenience.
- Stainless steel gauge plate, knife center plate and meat table.
